

Outreach Opportunities for November 3rd Election

Opportunities in Florida

League of Women Voters of Florida: Poor People's Campaign LWV-FL is partnering with the Florida Poor People's Campaign to enhance outreach to lower income and under-represented communities. The Poor People's Campaign is a non-partisan effort, aiming to lift the voices of poor and low-income Americans by building moral activism and voter participation.

Volunteers will use PPC's phone banking system to register voters, provide ballot information, and aid in requesting mail ballots. After a brief training session, volunteers will call voters for just two hours. Get more information and sign-up to join the phone bank on the [Poor People's Campaign's website](#).
