

Outreach Opportunities for November 3rd Election

Opportunities in Illinois and Indiana on Election Day

Chicago Lawyers' Committee for Civil Rights: Election Protection

[CLCCR](#) leads the Illinois and Indiana legal program aligned with [Election Protection](#), a large national nonpartisan voter protection coalition. This is an opportunity to work in under-resourced communities on Election Day, November 3.

No legal experience is necessary. The Chicago Lawyers' Committee for Civil Rights needs volunteers in its call center and in the field. Call center volunteers answer calls made to 866-OUR-VOTE hotline from across Illinois and Indiana from their home computer. Field volunteers respond on call and in person to issues as they arise at polling places. Many shifts can be done virtually; all CDC protocols are followed for in-person shifts. All volunteers must complete an online training. Sign up [HERE](#). Questions: Contact Jenny Terrell, Chicago Lawyers' Committee for Civil Rights at jterrell@clccrul.org.
